

PHILIPS SEMICONDUCTORS
PRODUCT DISCONTINUATION NOTICED NUMBER DN-40
DATED DECEMBER 31, 1998

CLARIFICATION OF PREVIOUSLY DISCONTINUED PRODUCTS

EXHIBIT C

This Exhibit C to Philips' Product Discontinuation Notice Number DN-40 contains clarification to, or additional information about, Philips Semiconductors' products that were listed under prior product discontinuation notices. This information includes known corrections to discontinued products as well as a reinstatement (reactivation) of certain prior discontinued products.

A. PART TYPES REACTIVATED

The following part types were listed on a previous discontinuation notice, but Philips product group management has elected to continue manufacture of these products instead of discontinuation.

	Philips Philips Part Nbr.	Pkg. Nbr.	12NC	COMMENT:
1.	TDA1015/N3	(SIL9MPF PKG)	933937260112	This part type was listed on DN-38. It should not have been obsoleted.
2.	TDA8762M/4		935188260512 935188260518	Reactivate: was on DN-38
3.	TDA8708BT		935069720112 935069720118	Reactivate: was on DN-38
4.	P89CE558EFB/01		Contact R05 Marketing	This microcontroller part appeared on DN-38 in error. It was not obsoleted but transferred to Hamburg MCB Group under Mag Code R05. It is still an active Philips product.
6.	TDA8578T/N1 TDA8578/N1 TDA8578/N1		935150460112 935150460118 935150450112	Reactivate this Nijmegen Product that appeared in a prior discontinuation notice. Contact Marketing for any questions.
7.	TDA1307/N1		935052390112	Reactivate this Nijmegen Product that appeared in a prior discontinuation notice. Contact Marketing for any question.
8.	TDA1547/N1		935041120112	Reactivate this Nijmegen Product that appeared in a prior discontinuation notice. Contact Marketing for any question.

B. Philips Discrete Products Addendum of July 30, 1998 to Product Discontinuation Notice Number DN-39 dated June 30, 1998.

This is a listing of 271 each; Philips Hazelgrove Discrete Semiconductors' part type products that were on DN-39, but were not listed on Philips' June 30, 1998 written version of Product Discontinuation Notice DN-39. Instead, there were electronically communicated as Addendum to DN-39 on July 30, 1998. These discontinued products are now listed in this Exhibit C to DN-40 for further follow-up communication.

If any questions arise concerning these products and their availability please consult your local Philips Discrete Semiconductors' Product Sales and Marketing representative. The terms and conditions of Philips' DN-39 notice dated 6/30/98 apply to any last time orders for these products.
